

DHS/FEMA-funded course

## DISASTER PREPAREDNESS FOR HOSPITALS AND HEALTHCARE ORGANIZATIONS WITHIN THE COMMUNITY INFRASTRUCTURE - MGT-341

The National Infrastructure Protection Plan identified hospitals and healthcare organizations as critical infrastructure. This course brings planning and management stakeholders from the hospital and healthcare sector together with supporting and impacted community leaders to ensure the resiliency of healthcare infrastructure services in the event of a high-consequence event. Participants will examine preparedness processes and activities, sector dependencies and interdependencies, and discuss resiliency strategies to ensure the sustainability of these facilities and organizations. Participants successfully completing this course will receive a course certificate of completion.

### Registration Required
